Hi is _____ there?

Hi, this is _____, I'm a volunteer with the Barack Obama campaign.
I'm calling from our campaign office here in _____ where we're working for change in Central New Jersey and to elect Obama on November 4th.

We've identified thousands of supporters throughout the state but with only 10 days left until Election Day, we need **your** help to get out the vote on Tuesday, November 4th.

Could you help us make calls and canvass with us the last 5 days of the Election to help get voters to the polls? It's fun and it really makes a difference.

IF YES: Great! What shifts can you sign up for? (Read list of shifts and find out will they call or canvass.) Would you also be available this week to help us make calls to recruit other volunteers?
IF NO: Ok, perhaps there is a better time for you to get involved. We have shifts during this week. When would you be available?

Fantastic. Do you have a pen & paper? Let me give you some directions to our headquarters. We're located at 231 Bridge St. in Metuchen, that's right on RT 27, at the corner of Bridge St. in the Bridge Pointe complex, building F, room 231, right behind the flag pole. We're exit 2B on 278.
Having volunteers bring their cell phones allows us to make even more calls. Would you be willing to you bring your cell phone and charger?

Great! I have you scheduled for ____ and _____. Please invite your friends and share our number. (732.662.3951) Thanks for getting involved at this critical moment!
